The English Department At Cooper High School values the reading students participate in over the summer. We also understand that students need a time in the year when they are not weighed down by the stress of assignments. We want to foster in our students an appreciation for reading and feel the best way to accomplish that is through the following recommendation:

All English I (Regular and Honors) students read any book at their appropriate reading level.

We also would like to extend to our students some titles that we recommend! Many of our books have been read or are currently being read by our teachers and staff. We encourage you to read summaries of books that your child is choosing when making a decision.
